DINOPARK CLOSED

Giving up its mailbox and phone, Dinosaur Park is closing except for weekend picnics. John Taylor, who has the concessions on sub-lease, will probably stop that soon. The entire park is being considered for a new activity, the Sun learned at presstime, but no details are available.

FIRST EAGLE SCOUT

Alpine got its first Eagle Scout here Friday night at a double court of honor in the school auditorium. A large assemblage greeted Scoutmaster Raymond Partridge, who received a plaque for his 10 years of scouting here. Mrs. Betty Partridge also was decorated as a Scout Widow for her part in the work.

Their sturdy young son, Raymond, Jr., after six years of steady work here in Troop 105, became an Eagle Scout in impressive ceremonies conducted by the scoutmaster and officials from the county. As a coincidence, Scoutmaster Partridge had to give his own son the much coveted award. The lad's

Climate Should Bring Vet Hospital Here

Millions of motorists passing through Alpine have noted the signs at east and west limits on Hwy 80: 'Best climate in US by Government Report'.

Doctors the nation over recommend it to patients suffering from asthma, bronchial ailments and arthritis. Many have come here from 'Smog' Angeles areas to get out of the growing pall of irritants in a once clear and sunny atmosphere. My family was one.

Now that a 1040-bed VA Hospital has been approved by President Kennedy for the SD area, this matter should be put right up to officials in charge. There could be no more ideal, healthful spot, as selected after WWII, by government doctors.

World-famed doctors recommend an altitude of 1500 to 2000 feet as most ideal for convalescents and those suffering from the above mentioned distresses.

Before such a facility could be built, Alpine was not near enough to any Military Centers, for the new IP Fwy will have been completed, putting Alpine about 25 minutes away.

Your editor has been working for an airport for about 8 years, but there are only two sites suitable, the Sydney Wright Mesa, owned by a SD Church, and Viejas Reservation. The Alpine Flying Club, which I formed to promote an airpark, is determined to get a strip here. It is now considering condemnation to acquire a site on the Wright mesa. That is essential to the growth of a community, and also as an adjunct to a VA hospital. It would be here in time of war, disaster, and so on. The light airplane is here to stay.

Everyone in Alpine should write our legislators on this. It would mean a lot. The facility would be double the average VA hospital, could employ perhaps 3000. It has been said that they want it near the proposed UC Medical School, Torrey Pines. That is a marvelous site--for anything but a hospital--the climate is here in lovely Alpine.-CI

G&E Now Automated

Everything is going on computer these days and the latest is the SD Gas & Electric Co., which has sent out its new bills with an explanation of the face-lifting, quite visible on the neat new statements.

They abandoned the postcard plan, so you now get it with an enclosed return envelope, if you wish to mail it back. Many are here paying at McGuffie's where they also leave phone payments, right handy, too. 'We hope our customers will be pleased with these modern methods, the message accompanying the new deal states, 'A new look to your Gas & Electric Bill'.

A kind-hearted man saw a little boy trying to reach a doorknob. He rang the bell for him, then said, "What now, my little man?" "Now run like the dickens," said the little boy. "That's what I'm going to do."

THORPE WELCOMED

School Board Chairman Hans Kildore welcomed its new member, Paul Thorpe, of the Canyon, at last week's session he replaced Stuart Day, resigned, it was Thorpe's initial appearance.

Supt. Paul Clay reports they now have 564 enrolled a slight gain.

DOES YOUR ATTIC BULGE?
John L. Koztanger, chairman of Salvation Army Assn., writes for help in getting the ladies out from under the mess of boardings in garage, attic or closet. "Besides," he says, "our salvage program helps salvage men."
"Statistics prove men are like pack rats," he blasts, "who clutter their closets and garages with suits they'll never wear, outmoded furniture, appliances, etc."
Phone the Salvation Army Thrift Store, 444-9282, a truck will call.

Look for the BIG Signs
For some time several have talked about starting a nice riding club here but as yet nothing has been done. Sunday Margaret Radford and I got together and called a few kids to come over and we started one. We named the club the Pequeno Riders which in Spanish means Young Riders and then we drew a rearing horse on a yellow sweat shirt for our emblem. All of the members are going to buy one and then Margaret and I will draw the horses on the back in a washable ink. We took in a small membership fee and as we get better organized we will be able to raise the money for insurance and then we can put on a few trail rides and small horse shows. Call me at 445-2394 on Saturday if you are interested in joining.

Oct. 13th Mr. and Mrs. Richard Skelton and his brother brought my yearling sorrel colt up from Johnstown. He is the best little thing and before they left I had trimmed his mane and his feet. He is just about the gentlest colt I have ever seen and he learns quickly. I lunge him every day and then go through some more training so by spring he will be well broken. He is going to be excellent in gymkhana besides a good riding and trail horse as his mother was famous to be. My sister Cecile has an eye on him already.

My girl friend Karen Baar of Imperial Valley had an experience she won't soon forget. She came up by bus Friday night to spend the weekend and we got mixed up. We thought she was arriving on the bus that comes through Alpine at 9:15 am. Instead she got off at night and the police thought she was running away from home and then it was all ok but for 20 minutes Karen was sort of scared.

We really had some excitement Oct. 13th. Mr. Wood and his family were driving by our house when they saw a huge rattlesnake glide out of our yard. He ran over it twice but it came back and curled up in front of our huge eucalyptus tree. Daddy and Woodie finished him off and he was 45 inches long with 7 buttons. They are still out so be careful. We might take two horses to the Pine Valley Trail Riders horse show next Sunday to enter but as yet haven't fully decided.

Contestants are knocked down in points if they don't wear chaps.
Water Line Ahead

Ham Brothers of Lakeside who are installing the new extension of mains to supply Rio SD MWD water to the school and businesses along Hwy 80, are making fast progress down the road, having tapped the line on Arnold Way, and 'moused under the concrete of Hwy 80 to a tee that will supply service up and down 80.

"Hey! you can't make a right turn here, lady," yelled the traffic cop to a lady driver. "Why not?" she inquired with an imperious pout and a pucker of her brow. "Well a right turn is wrong here—the left turn is right—if you want to turn right, turn left and then—" "What?" she cut in. "Aw, go ahead!" was the furious answer.

Market Boosts Trade

Ed Rowan, manager of Florence's Market, with the operators, Mr. and Mrs. Jerry Harmer, who now live here, having moved from Santa Rosa, are on a campaign to urge local people to buy more locally. They are running ads here telling of their specials, showing that prices in Alpine can be just as attractive as anywhere. "Every dollar that is spent in our community," says Harmer, "means more stabilized business here, which naturally means a better economy for those living here. Besides, when you take time to drive to other places, you must add the cost of the car which today means at least 9¢ a mile, or, for example, just to the nearest town, El Cajon, 30 miles, or $2.70. Besides you're risking your life out on the highway."

Moral: Buy at home!

Bazaar Dec. 7

Mrs. O.R. Drew, chairman of Community Church Annual Bazaar, says they are already working up plans for the big affair which is slated for Dec. 7 in Fuller Hall.

It will be from 10 to 3 with luncheon 11:30 to 2, the donation being $1, and tickets may be had at Clark's Chevron Station or in the hall.

This year will feature their home-baked 1-pound fruit cake along with aprons, rugs, baked goods and other gift items.

New Family Buys

Ben O. Young, 2342 Tavern Road, who has lived here many years, has just sold his nice home and acreage, reports Mr. Charlene Brown of Pierce Realty. Buyers are Mr. and Mrs. Frank E. Glor, of LA. He plans to retire some picked Alpine for its climate. Young has not completed plans for his future residence as yet.

"WHY DO YOU insist on keeping a parrot?"

"Because," answered the lonely man, "I like to hear it talk. The parrot is the only creature gifted with the power of speech that is content to repeat just what it hears without trying to make a good story of it."

Subdivide 26 Lots

County planners are working on the map of his third unit in Palo Verde Ranch, which Auren Pierce has just submitted for 26 lots. It will be sent to the commission for review and approval after which Pierce will place it on the market about Jan. 1. This is part of the Joe LeShelle Viejas View Ranch of 1400 acres, of which Pierce bought the front 640 on South Grade Road where much building has been done.
Double Talk
By Cecile & Celeste Irvine

Our Friday night dance was a success and now we are all looking forward to our holiday formal. Marion Bell, Linda Nichols, Cecile and I decorated the auditorium and everyone had a good time. I spent Saturday afternoon with Laurie McGrath and I rode her brother's stud stallion. He is only 3 but nice and gentle. Bill and Mike went to Utah over the weekend and hunting was a real success and mamma deer hunting as Daddy had to do between Helix and La Jolla. Susie Parson's got to spend Sunday night with us and she is really glad her mother and dad are back from their New York trip. We know how she feels as Daddy had to go to LA for 4 days and boy did we all miss him. Libby Wake's dad brought home a nice 3 year old bay with 4 white stockings and it is a nice looking horse. We haven't seen Libby on her but maybe it isn't broken. Linda got her foot hurt when their little two year old fell on her when she was out riding. Monday while we were out riding we saw Laurie McGrath's dad out for fishing. I guess they were lucky. Margaret Fulcher and her family moved from Lapalio Valley to Lakeside. They have lived in the valley a long time. Marion Bell has a new dog named Kim. He is part Pomeranian and part something else. Linda Moxey's horse Tony got caught in the barbed wire and he got cut up pretty bad. They had a vet come out for him. Genevieve Nelsen was playing volley ball and broke her arm Monday so she has to make decisions.

Almost everyone knows the difference between right and wrong, but some hate to make decisions.

IRVINE TO HOLLYWOOD
Editor Irvine was back Monday from covering the ground breaking of the big $14 million Hollywood Museum Sunday, one of the greatest gatherings of stars of screen, radio, TV and recording industry, at which over 6000 fans were on hand.

Lott, having spent many years in the studios, shook hands with many stars and directors, old friends and is broad casting the entire event Sunday at 7:30 and 11:30 pm over XEMO Radio 660, where since March 1 he has been putting on chapters from his book 'Early Days in Hollywood,' to be published early in 1964.

Nellie Keller tells an unusual story about the recent hot spell. At Astronautics where she runs the big crane handling Atlas boosters, they had to keep the roof wet to prevent the heat from setting off the sprinkling system. 'If that had gone off I could have been electrocuted' she said.

A Failure
By Marion Bell
A funny old witch in a crooked old hat
Danced around a pot of stew
With the blackest of all cats
With a wart on her nose
And the grariest eyes.
She was ugly as Egypt
And a yellow "wilt" beside.
She brewed in her pot
Some smelly old stuff
And after awhile she though
It brewed long enough
But just to be smart
Like her sad kin.
She decided to put some nitroglycerin in.
The pot blew up, the cat did soar.
And the bewildered old witch yelled out a great roar
Oh hang this cave and halloween
For this old witch here
Will never again be seen.

NOTED FLYER STAYS HERE
Mrs. Pat Mitchel, operator of Alpine Convalescent Center reports another new arrival, Col. T.C. McCauley, USA Air Corps, retd., from San Diego. He is not only an author, but has a long service record with the military in SD. He was in the planning department, then SD Federal, also the C of C there, which presented him with a fine watch. He also received two other watch awards, one from Gen. Douglas MacArthur and ex-president Dwight D. Eisenhower.

An Englishman on a visit to the West decided to go horseback riding. The hostler who was to attend him asked, "Do you prefer an English saddle or a Western?"
"What's the difference?" he asked.
"The Western saddle has a horn," replied the attendant.
"I don't think I'll need the horn," said the Englishman. "I don't intend to ride in heavy traffic."

NEW DOG LEASH LAW

Heretofore dogs in unincorporated areas, like Alpine, New Dairy, and Ironwood, required to be on leash, but the supervisors just passed a law requiring all dogs to be on one. This means that one must fence the yard for dogs or see that they are not off the property.

TWO GIRLS BORN

Mr. and Mrs. Garry Hart-suyker, 2221 Tavern Road, report the arrival of twin 6-oz. girls at 9:45 pm Monday in Grossmont Hospital. Garry is with Gross Sand Co. of Lakeside.

To Mr. and Mrs. Wm. Noonan, 1520 Olivewood Lane, a girl on Sept. 29 in an UC Hospital.

A WISE MAN appears to be ridiculous—but only when he is in the company of fools.

Dr. Melvin Crain, a well-known professor of political science at SD State, who bought Temple Rock Ranch, on HC Road last October, has changed its name to Hollygate Ranch, there being a California Holly Bush near the entrance.

The family of six has become well settled, and during the hot spell deeply enjoyed the big pool. Dr. Crain is a native of Anaheim while Isabel, his wife, was born in Minneapolis. His hobby is politics and photography and hers is children and sewing. He was a lieutenant in the navy in line and engineering work. They are Methodists, and all like it fine here.

NO CHANGE IN WELCOME

C. D. Cameron and wife from Carlisle, Pa., visited friends in LM and Alpine last week. While in LM they stayed with Ed Neill, Union-Tribune crack lensman. He is a retired USN CWO. They spent the day here with an old shipmate, Ted Grant, and his wife.

This is my first visit here in 22 years’ he told the Sun when Grant brought him over to say hello, ‘and I note a few changes in the landscape but no change in the welcome.’

We’ve never been able to figure out why men worry about losing their hair. After all, what if it ached and had to be pulled like teeth?

Two More Convalescing

Mrs. Pat Mitchell, operator of Alpine Convalescent Center, reports two additions to the growing list of folks enjoying the new facility: Johnny Urban, of Tappy’s Motel, who suffered a complete fracture of his left leg in a small car accident three weeks ago, who is here from an EC hospital, on crutches but in a cast. Here from Escondido is Mrs. Bertha Morgenstern, who has a cast on her wrist, but she will be here permanently.

I have clients looking for 40 to 100 acres, with improvements, suitable for guest ranch.

CONCLAVE FOR BAPTISTS

The 22nd annual meeting of the SD Southern Baptist Association will be in the Meridian Church, in EC, on Oct. 8-9. reports R. G. Bryant of LM. C. J. Pearson, pastor of First & Baptist Church of SD will bring the yearly message. The 43 churches showed a fiscal growth of $900,000 above the property owned, amounting to $5,645,705, he said. Many from Alpine’s church plan to attend.

When opportunity knocks at the door, some people are out in the yard looking for four-leaf clovers.
